**EKSON AFRIQUE**  
YOUR PROCUREMENT PARTNER

Ekson Afrique Company Ltd is a company that offers business solutions and cost-effective products to help our clients achieve their results effectively and efficiently. We are specialized in engineering works. We also provide security solutions to our client base with a number of electronics and equipment. With a client base of over 500 (and growing clients) across Africa, we provide numerous services and products with the support of a team of 25 professionals working with us.

We can proudly say that our clients have continued to appreciate our high value-adding solutions and have regarded us more as growth partners. In the gargantuan sector of business solutions, security providers and services in the business environment, Ekson Afrique Ltd. was founded in 2018 with the sole determination to be the “preferred” provider of cutting-edge business and solutions.

Our solutions to clients are innovative, cost-effective and results-oriented. Today's business environment simply can't afford solutions that don't come with the full assurance of stability and a reliable 24/7 support. They require comprehensive technology integration and all the pieces need to fit accurately. That's where we come in. We design, deploy, integrate, update, manage, train, and support services and products for our clients.
